

ALTAMIMBRES

color Bigarreau cherry red, with good intensity and depth.

nose Very intense at first, with loads of complex aromas but as it develops, notes of overripe grapes and raisins come through, which interlaced beautifully with spicy notes from oak, candies, torrefaction, some toasting, coffee, etc.

mouth Powerful entry, with a balanced body, very well-integrated tannins and great persistence. Toasty notes, torrefaction, candies and the raising flavors are present again in retronasal passage.
